Dear Jubilee Environmental,

On behalf of the Oklahoma City Air Logistics Center / MABA Tanker Branch at Tinker Air Force Base, we are pleased to inform you that Jubilee Environmental has been acknowledged for your product JEP14. The Tanker Branch recognizes that high caliber products are essential in our drive to produce a premier Aircraft Maintenance Depot and provide our customers top quality aircraft.

Our branch has used JEP14 for over ten months and has continually been satisfied with the results. Since initiating our use of JEP14 the Bomber Branch and E-3 Services Branch have also implemented the use of your product. All three branches are pleased about the product and plan on continuing to increase our inventories as more uses of the product our discovered.

Sincerely,

MICHAEL P. WENZEL
Chief, Tanker Branch
